= Expression of Interest, Stage 1

= Full Application if your EOI is accepted, Stage 2

characters allowed in each field are in brackets

1. Aims

Be clear and specific, you can even use 'dot' points if you like. Note: this is NOT about the detailed methods you will use (300)

2. Significance

Why is the project needed? Don't tell us what you going to do, but why it has to be done (750)

3. Outcomes

What will happen as a result of this project? You MUST tell us what influence this project will have on the natural living environment in the short and/or long term (1000)

4. Methodology

How will you achieve your aims: what methods will be used, describe clearly what you will do eg how will you carry out your research, record your data, analyse your data, engage participants, produce resources, distribute information (1000)

5. Evaluation

How will you evaluate the success of your project, ie how will you know if your project has been successful in achieving its aims? (750)

6. Partnerships and collaboration

Describe your intended partners and their roles

Two reference letters required. See FAQs on website for more info on letters. (750)

7. Budget

Is your budget realistic and appropriate? No need to hide costs in obscure budget items, or an admin cut, tell us what you really need by making a list (table provided)
